A complex geometric line art design composed of overlapping rhombi and triangles. The design features solid black lines and dotted black lines, creating a sense of depth and perspective. The overall shape is elongated and horizontal, with a central area where the lines intersect to form smaller, more intricate patterns.

A complex geometric line art design composed of overlapping rhombi and triangles. The design features solid black lines forming the outer boundaries and internal divisions, with two central rhombi defined by dotted lines. The overall shape is elongated and symmetrical, resembling a stylized architectural or crystalline structure.

A geometric line art design consisting of two large, overlapping rhombuses. Each rhombus is divided into four triangles by two solid diagonal lines. The central area where the rhombuses overlap contains two smaller rhombuses, each formed by dotted lines. The overall composition is minimalist and architectural.
